

CORRECT AUTHOR CITATION FOR
SENECIO WERNERIAEFOLIUS

LEONARD J. UTTAL

The name *Senecio werneriaefolius* is generally cited as *S. werneriaefolius* A. Gray. It is so published by Barkley, No. Am. Flora ser II; **10**: 88. (1978) and by Greenman, Ann. Mo. Bot. Gard. **5**: 61. (1918). This is incorrect. The proper citation of this name is *Senecio werneriaefolius* (A. Gray) A. Gray. Gray first described this taxon as *Senecio aureus* var. *werneriaefolius* A. Gray, Proc. Acad. Phila. **1863**: 68. (1864). He later proposed the new combination *Senecio werneriaefolius*, A. Gray, Proc. Am. Acad. **19**: 54. (1883), based on the original varietal description with the same type: Colorado. *Hall and Harbour 331*. (GH). It is required, therefore, to cite the author as proposed above.
